

Keitai Mizu: Mobile Takara-Sagashi

Spatial Dialogues and *The Boat People Association*, as a part of *Shibuya: Underground Streams*, are holding a mobile treasure hunt for art! Keitai Mizu artists are wondering: would you like to join in?

Opening: 2nd June, 5 pm
Playing times: 2nd June 5pm and 6pm
3rd and 4th June, 11 am, 12pm, 1 pm, 2pm, 3pm, 4pm.
Where: Jingu-dori Koen Park, Shibuya, Tokyo

We have placed various water-related creatures and objects made by Australian and Japanese artists around the site. Participants will be given 15 minutes to take camera phone pictures of the sea creatures whose habitat is Tokyo. You must then distinguish between the real and imaginary, local and foreign objects and send ONLY the images of Tokyo-related sea creatures to the *Spatial Dialogues* Twitter account (@keitaimizu) via camera phone apps like Instagram (username: keitaimizu).

The winner will be the one who correctly guesses the most objects in 15 minutes. We will also feature a version of the game using Tokyo Jiso Chizuto in order to discover the underground rivers.

Images will then be uploaded to the *Spatial Dialogues* website. For more information, or to RSVP, email us at spatialdialoguesproject@gmail.com. We're looking forward to watching your stories and adventures unfold!
